4. The Agreement shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the Agreement in addition to, or in place of, the existing taxes. The competent authorities of the territories shall notify each

other of any significant changes that have been made in their respective taxation laws.

Article 3

1. For the purposes of this Agreement, unless the context otherwise requires:

 - b) the term “person” includes an individual, a company and any other body of persons;
 - c) the term “company” means any body corporate or any entity that is treated as a body corporate for tax purposes;
 - d) the terms "enterprise of a territory" and "enterprise of the other territory" mean respectively an enterprise carried on by a resident of a territory and an enterprise carried on by a resident of the other territory;

2. As regards the application of the Agreement at any time by a territory, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that territory for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that territory prevailing over a meaning given to the term under other laws of that territory.

Article 4

RESIDENT

1. For the purposes of this Agreement, the term "resident of a territory" means any person who, under the laws of that territory, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature and also includes the authority administering a territory or any subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that territory in respect only of income from sources in that territory.
2. Where by reason of the provisions of paragraph 1 an individual is a resident of both territories, then his status shall be determined as follows:
 - a) he shall be deemed to be a resident only of the territory with which his personal and economic relations are closer (centre of vital interests);
 - b) if the territory in which he has his centre of vital interests cannot be determined, he shall be deemed to be a resident only of the territory in which he has a permanent home available to him;
 - c) if he has a permanent home available to him in both territories or if he has not a permanent home available to him in either territory, he shall be deemed to be a resident only of the territory in which he has an habitual abode;
 - d) if he has an habitual abode in both territories or in neither of them, the competent authorities of the territories shall settle the question by mutual agreement.
3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both territories, then it shall be deemed to be a resident only of the territory in which its place of effective management is situated.

Article 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.
2. The term "permanent establishment" includes especially:
 - a) a place of management;
 - b) a branch;
 - c) an office;
 - d) a factory;
 - e) a workshop, and

- f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.
3. A building site or construction, assembly or installation project or a supervisory activity connected therewith constitutes a permanent establishment only if it lasts more than 6 months.
 4. An enterprise of a territory shall be deemed to have a permanent establishment in the other territory if:
 - a) it carries on supervisory activities for more than six months in connection with a building site or construction or installation project which is being undertaken in the other territory;
 - b) it furnishes services, including consultancy services, through employees or other personnel or persons engaged by the enterprise for such purpose, but only where activities of that nature continue for the same or a connected project, for a period or periods aggregating more than 183 days within any twelve-month period.
 5. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
 - a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
 - c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
 - d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
 - e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;
 - f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.
 6. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 7 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a territory an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that territory in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 5 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

7. An enterprise shall not be deemed to have a permanent establishment in a territory merely because it carries on business in that territory through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.
8. The fact that a company which is a resident of a territory controls or is controlled by a company which is a resident of the other territory, or which carries on business in that other territory (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a territory from immovable property (including income from agriculture or forestry) situated in the other territory may be taxed in that other territory.
2. The term "immovable property" shall have the meaning which it has under the law of the territory in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.
3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.
4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

BUSINESS PROFITS

1. The profits of an enterprise of a territory shall be taxable only in that territory unless the enterprise carries on business in the other territory through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other territory but only so much of them as is attributable to that permanent establishment.
2. Subject to the provisions of paragraph 3, where an enterprise of a territory carries on business in the other territory through a permanent establishment situated

therein, there shall in each territory be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the territory in which the permanent establishment is situated or elsewhere.
4. Insofar as it has been customary in a territory to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that territory from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

SHIPPING AND AIR TRANSPORT

1. Profits derived by an enterprise of a territory from the operation of ships or aircraft in international traffic shall be taxable only in that territory.
2. For the purpose of this Article, profits from the operation of ships or aircraft in international traffic include:
 - a) profits from the rental on a full (time or voyage) basis or a bareboat basis of ships or aircraft; and
 - b) profits from the use, maintenance or rental of containers and related equipment used for the transport of goods or merchandise;

where such rental or such use, maintenance or rental, as the case may be, is incidental to the operation of ships or aircraft in international traffic.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency, but only to so much of the profits so derived as is attributable to the participant in proportion to its share in the joint operation.

Article 9

ASSOCIATED ENTERPRISES

1. Where

- a) an enterprise of a territory participates directly or indirectly in the management, control or capital of an enterprise of the other territory, or
- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a territory and an enterprise of the other territory,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a competent authority of a territory includes in the profits of an enterprise of that territory – and taxes accordingly – profits on which an enterprise of the other territory has been charged to tax in that other territory and the profits so included are profits which would have accrued to the enterprise of the first-mentioned territory if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other territory shall make an appropriate adjustment to the amount of the tax charged therein on those profits if that other territory considers the adjustment justified. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the territories shall if necessary consult each other.

Article 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a territory to a resident of the other territory may be taxed in that other territory.

2. However, such dividends may also be taxed in the territory of which the company paying the dividends is a resident and according to the laws of that territory, but if the beneficial owner of the dividends is a resident of the other territory, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

The competent authorities of the territories shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the territory of which the company making the distribution is a resident.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a territory, carries on business in the other territory of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other territory independent personal services from a fixed a base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Where a company which is a resident of a territory derives profits or income from the other territory, that other territory may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other territory or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other territory, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other territory.

Article 11

INTEREST

1. Interest arising in a territory and paid to a resident of the other territory may be taxed in that other territory.
2. However, such interest may also be taxed in the territory in which it arises and according to the laws of that territory, but if the beneficial owner of the interest is a resident of the other territory, the tax so charged shall not exceed:
 - a) 7 per cent of the gross amount of the interest arising in a territory and paid on any loan of whatever kind granted by a bank of the other territory.

b) 10 per cent of the gross amount of the interest in all other cases.

The competent authorities of the territories shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a territory shall be exempt from tax in that territory if it is paid:
 - a) to the authority administering the other territory or a local authority or the Central Bank thereof in relation to any loan, debt-claim or credit granted by any such bodies;
 - b) in respect to a loan, debt-claim or credit guaranteed or insured by an institution for insurance or financing of international trade transactions which is wholly owned by the other territory or the authority administering the other territory.
4. The provisions of paragraphs 1 and 2 shall not apply if an interest arising in a territory is paid to a resident of the other territory, and the recipient is the beneficial owner of the interest, and the interest is paid with respect to indebtedness arising on the sale on credit, by that resident, of any merchandise or industrial, commercial or scientific equipment to a resident of the first-mentioned territory. In such case the provisions of Article 7 shall apply.
5. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.
6. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a territory, carries on business in the other territory in which the interest arises through a permanent establishment situated therein, or performs in that other territory independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
7. Interest shall be deemed to arise in a territory when the payer is a resident of that territory. Where, however, the person paying the interest, whether he is a resident of a territory or not, has in a territory a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the territory in which the permanent establishment or fixed base is situated.
8. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the

last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each territory, due regard being had to the other provisions of this Agreement.

Article 12

ROYALTIES

1. Royalties arising in a territory and paid to a resident of the other territory may be taxed in that other territory.
2. However, such royalties may also be taxed in the territory in which they arise and according to the laws of that territory, but if the beneficial owner of the royalties is a resident of the other territory, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties.

The competent authorities of the territories shall by mutual agreement settle the mode of application of this limitation.

3. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright (including copyright of literary, artistic work or cinematograph films), any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience, or for the use or the right to use a person's name, picture or any other similar personality right.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a territory, carries on business in the other territory in which the royalties arise, through a permanent establishment situated therein, or performs in that other territory independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Royalties shall be deemed to arise in a territory when the payer is a resident of that territory. Where, however, the person paying the royalties, whether he is a resident of a territory or not, has in a territory a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the territory in which the permanent establishment or fixed base is situated.
6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each territory, due regard being had to the other provisions of this Agreement.

4. Gains derived by an enterprise of a territory from the alienation of ships or aircraft operated in international traffic or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that territory.

ELIMINATION OF DOUBLE TAXATION

1. In the case of the territory referred to in paragraph 3(a) of Article 2 of this Agreement double taxation shall be avoided as follows:

Where a resident of that territory derives income from the other territory, the amount of tax on that income paid in the last-mentioned territory (but excluding, in the case of a dividend, tax paid in respect of the profits out of which the dividend is paid) and in accordance with the provisions of this Agreement, shall be credited against the tax levied in the first-mentioned territory imposed on that resident. Such deduction shall not, however, exceed that part of the income tax as computed before the tax credit is given, which is attributable, as the case may be, to the income which may be taxed in the last-mentioned territory.

Article 24

NON-DISCRIMINATION

1. Citizens or nationals of a territory shall not be subjected in the other territory to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which citizens or nationals of that other territory in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the territories.
2. The taxation on a permanent establishment which an enterprise of a territory has in the other territory shall not be less favorably levied in that other territory than the taxation levied on enterprises of that other territory carrying on the same activities. 3. Except where the provisions of paragraph 1 of Article 9, paragraph 8 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a territory to a resident of the other territory shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned territory.

Where a person considers that the actions of one or both of the territories result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of the territory, present his case to the competent authority of the territory of which he is a resident or, if his case comes under paragraph 1 of Article 24, to that of the territory of which he is a citizen or national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.
2. The competent authority shall endeavor, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by

mutual agreement with the competent authority of the other territory, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the territories.

3. The competent authorities of the territories shall endeavor to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.
